

New Magnetic Mount Econo Cover from Eliason!

We are excited to introduce the newest member of the Eliason family of energy-saving products – The Magnetic Mount Econo Cover! This latest generation of Econo Cover night shade features a strong magnetic strip along the full width of the panel to hold it securely in place against your refrigerated case without the use of snaps or other mechanical fasteners.

This new magnetic feature makes the initial installation of your Econo Covers faster and easier and allows for faster deployment of your energy-saving night shades at store closing time or in the event of a power outage.

And the best part is that Magnetic Mount Econo Cover costs just \$5.00 more per unit than our standard Econo Cover. The new Magnetic Mount Econo Cover from Eliason – it's a snap – without the snap!
